

POST FELLOWSHIP TRAINING IN CLEFT CARE

ABOUT THE TRAINING

The College of Surgeons of East, Central and Southern Africa (COSECSA) in Partnership with Smile Train and the West African College of Surgeons (WACS) have developed a Post-Fellowship Curriculum in Cleft Care with an aim of improving the skills of surgeons in the comprehensive management of Cleft Lip and Palate and associated problems.

A nine (9) month long course at an accredited training site with the objective of: -

- Improving knowledge & understanding of the embryologic & anatomic basis of cleft lip & palate surgery.
- Strengthening the impact & understanding of multidisciplinary team care for cleft lip & palate.
- Providing hands on surgical training in primary & secondary repair of cleft lip & palate, as well as alveolar bone graft.
- Developing & advancing research in cleft lip & palate & provide a regional research platform.

ELIGIBILITY CRITERIA

- Must have a recognized medical or dental degree.
- **Must** be a COSECSA Fellow or have a fellowship in any of the following surgical specialties (or acceptable equivalent):
 - Dental Surgery (Oral & Maxillofacial Surgery)
 - General Surgery
 - Otorhinolaryngology
 - Paediatric Surgery
 - Plastic and Reconstructive Surgery
- To facilitate training, the candidate should possess a current registration/ practicing license from the host country Medical & Dental Council.
