

"Principles of Laparoscopic Surgery (PLS) Course"

Join us for Hands-On Training in Laparoscopic Surgery

26th COSECSA Scientific Conference in Collaboration with The Surgical Association of Malawi (SAM) – Pre-conference workshop

Venue: Bingu International Conference Center (BICC), Lilongwe, Malawi.

Dates: Saturday 28th November 2026, 8am to 6pm

Eligibility: Surgical trainees and consultants from all surgical specialties.

Course Director: Professor Bijendra Patel, UK

Fee: Free to attend – “FREE REGISTRATION” – Limited to first 16 applicants. (Over 16 can register to observe and attend theory lectures)

About the Course

- PLS is a one-day hands-on course designed to provide trainees and surgeons with essential knowledge and practical skills in core laparoscopic surgery.
- The PLS course provides essential foundational training in laparoscopic surgery, serving as a preparatory step for proficiency-based certification programmes such as **LapPass®** examination, aimed at developing advanced laparoscopic skills.

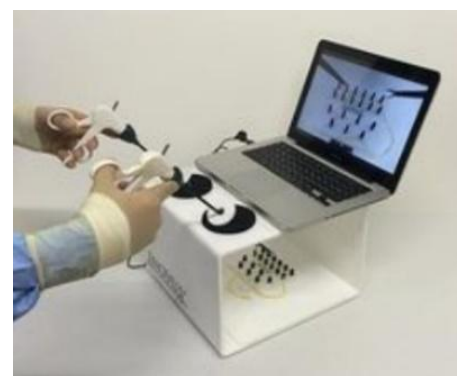

***LapPass®** - An educational offering of Association of Laparoscopic & Robotic Surgeons of Great Britain and Ireland (ALRSGBI).

What You'll Gain

- ✓ Gain confidence in laparoscopic techniques
- ✓ Practice on simulation platforms under expert guidance
- ✓ Receive feedback from experienced local and international surgical faculty
